

JCB DIESELMAX

01/09/2007

Turner Powersystems Engine Options CD

Turner Powersystems are pleased to announce the introduction of our new engine options CD. Developed and produced entirely in-house, the CD includes information regarding the range of value added items available for the JCB DIESELMAX engine. Items on the CD include:-

- Key-start instrument panels
- Wiring looms
- Exhaust silencer kits
- Fuel tanks
- Engine throttle controls
- Oil drain kits
- Instrumentation
- Power take-offs
- JCB genuine parts—lubricants, anti-freeze, filters, etc.

For your copy, please contact our sales department for further information.
